POLICY STATEMENT

EXPRESSIVE ACTIVITIES POLICY

SU Policy Number: 701-003.1

ORIGINATING OFFICE

Office of Equity, Inclusion, & Compliance

PURPOSE

The primary function of Shippensburg University (the "University") is student learning and personal development through highly effective and innovative teaching, complemented by a wide variety of out-of-class experiences. To fulfill its educational mission, the University must respect and uphold the full panoply of, sometimes conflicting, rights of students, staff, and faculty granted by the First Amendment of the United States Constitution (the "First Amendment") and Article I, Section 7 of the Constitution of Pennsylvania.

In light of the foregoing, the University supports the rights of students, staff, and faculty to individually and collectively engage in Expressive Activity. Such rights are equally extended to other University Community Members including individuals, Registered Student Organizations, University Departments, and Invited Guests.

SCOPE

This policy applies to Expressive Activities of University Community Members and the General Public on University Property. Expressive Activity, as defined by this policy, is not permitted in Non-Public-on-Campus Areas except in accordance with University policies and procedures. All Expressive Activities must comply with applicable federal, state; and local laws, including all laws, regulations, and ordinances—e.g. traffic, fire prevention and safety, sound, etc. Additionally, all Speakers engaging in Expressive Activities must abide by all applicable policies of the University and the Pennsylvania State System of Higher Education.

OBJECTIVE

This policy establishes guidelines to assure that Expressive Activities do not unreasonably interfere with University Operations, undermine the protected speech of others, or present a threat of imminent harm to others or University Property. This policy defines different areas of campus as Designated University Forums or Designated Public Forums and explains how speech protections apply to different Speakers in those areas. Importantly, through this policy, the University regulates the time, place, and manner of speech in a content-neutral manner as a legitimate way to fulfill its educational mission.
